

FDP 1.900

Full Range Class D Mono amplifier

ADVANTAGES

- Very small size for power output
- Can be used in full range
- High-level input, compatible with OEM Stereo
- Easily accessible settings
- Remote sub control
- Invisible mounting bracket
- Highest level of crossover flexibility

TECHNICAL CHARACTERISTICS

Power into 4 Ohms: 1x550W rms
Power into 2 Ohms: 1x900W rms
Signal/noise ratio: >95dB (A)
Bass Boost: 0 to +6dB @ 40Hz
Frequency response [-1dB]: 5Hz-25kHz
Continuous phase Adjustment: 0-180°

Adjustable gain 200mV to 10V
Dimensions (HxLxD): 2 x 10 x 7^{3/4} in
(50x254x196mm)
Protections: Short-circuit, thermal overload,
polarity reversal, DC
