

IC FORD 690

Product Data Sheet

The IC FORD 690 2-way coaxial kit is designed for all drivers who wish to replace their original audio system with a quality sound solution. The speaker drivers employ Polyglass technology, which delivers well-defined midrange and bass, and the Aluminium inverted dome tweeter, a Focal technology that provides perfect treble reproduction.

Key Points

- Quick and easy install
- No modifications needed on the vehicle
- Invisible integration
- Sound quality superior to the original one
- No additional accessories required

Check your vehicle compatibility at www.focal-inside.com
