

SLATEFIBER 165 SF

Product sheet

The second generation Slatefiber range relies on its exclusive technology, designed and developed by Focal engineers to combine precision, responsiveness and robustness. Every car journey becomes a clear, dynamic listening experience, true to Focal's signature sound. From passive kits to the subwoofers, the range offers perfect sound coherence across its models, as well as a bold design. The Slatefiber solutions are characterised by their performance, versatility and easy installation.

Key points

- Exclusive Slatefiber technology - Cone made in France in Focal's workshops
- High power handling, for long-lasting performances, even at high volume
- Optimised efficiency to limit amplification requirements
- Solid design and rigorously selected materials for long-term reliability
- Grilles included

SPECIFICATIONS

Woofer	6 1/2" (165mm)
Maximum power	160W
Nominal power	80W RMS
Sensitivity (2.83V/ - 1m)	91dB
Frequency response	60Hz - 21kHz
Impedance	4Ω
Depth	2 3/4" (70mm)
Voice coil diameter	1" (25mm)
Magnet	Ferrite
Surround	Butyl
Adjustable tweeter level	-3dB / 0dB / +3dB
