

IS TOY 170 is a two-way component kit replacing the original audio system in the Toyota Camry with the Focal Inside Plug & Play solution. This kit enhances the vehicle's front channels. Our engineers specifically designed our Focal Inside TOY solution to allow bespoke configuration of your chosen audio system.

Key points

- Developed in France
- Quick and easy to install with no vehicle modifications required
- Seamless integration into the cabin
- Sound quality superior to original

Check your vehicle's compatibility at www.focal-inside.com
